

MANOJKUMAR N

Senior Product Designer

Enterprise SaaS · Design Systems · AI & Agentic Product Experiences

Coimbatore, Tamil Nadu, India · +91 9566724416 · mano.mechtron.ai@gmail.com · [Linkedin](#) · [Portfolio](#)

Professional Summary

Senior Product Designer with 8+ years of experience across enterprise SaaS, e-commerce, UX/UI, and design operations. Specializes in simplifying complex workflows, scaling design systems, and translating ambiguous business requirements into intuitive, implementation-ready product experiences. Partners with product leadership and global engineering teams, with hands-on experience in user research, usability testing, accessibility, design governance, and AI-assisted product workflows.

Core Expertise

Product & Strategy — Enterprise SaaS, Complex Workflow Design, Information Architecture

Research — User Research, Usability Testing, Interaction Design, Accessibility

Systems — Design Systems, Component Architecture, Design Governance, Design QA

AI & Emerging UX — AI-Assisted Product Design, Agentic UX, Human-AI Interaction, Model Context Protocol (MCP)

Professional Experience

Kyyba Tech

Aug 2025 – Present

Senior Product Designer (L2)

Client: Mindcan Inc. / Martinrea International

Products: Program+ · Quote+ · Profit+ · Sustain+

- Designed and evolved enterprise SaaS products across Program+, Quote+, Profit+, and Sustain+, simplifying workflows across program lifecycle management, RFQ and quotation, financial improvement, and sustainability operations.
- Translated complex business requirements into user flows, information architecture, wireframes, high-fidelity interfaces, and interactive prototypes in collaboration with product and engineering teams.
- Partnered closely with the **Head of Product at Martinrea International** through regular product discussions to understand business challenges, refine requirements, evaluate solutions, and shape product experience decisions.
- Built and standardized scalable design-system patterns using Figma components, variables, tokens, Auto Layout, variants, and reusable interaction patterns across enterprise products.
- Trained **30+ developers across India, the United States, and Mexico** on Figma workflows, design specifications, component usage, and design-to-development collaboration.
- Redesigned high-density dashboards, configuration workflows, tables, forms, and enterprise processes while collaborating with engineering through design reviews, implementation validation, design QA, and AI-assisted/MCP-based workflows.

RKK Enterprise Ltd. — United Kingdom

Dec 2023 – Jan 2025

Product Designer

Products: E-commerce Mobile App · E-commerce Web Platform · Amazon A+ Content

- Designed end-to-end e-commerce experiences across mobile and web, covering product discovery, product detail pages, navigation, cart, checkout, and account-related journeys.
- Created Amazon A+ Content and enhanced product-detail experiences, improving product presentation, content hierarchy, visual storytelling, and brand consistency.
- Translated business and customer requirements into user flows, wireframes, high-fidelity interfaces, and responsive design solutions.
- Applied competitor research and e-commerce best practices to improve product discovery while establishing reusable UI patterns and consistent visual standards across mobile and web.

BYJU'S (Think & Learn Pvt. Ltd.) — Bangalore

Jun 2021 – Nov 2022

Recruitment, Training & Staffing (UX/UI) — Learning & Development

- Conducted final-round evaluations for UX/UI designer recruitment, assessing design quality, visual thinking, usability, and overall role readiness.
- Audited design work and provided structured feedback to improve quality, consistency, and adherence to design standards.
- Trained UX/UI designers on new workflows, design processes, and execution standards, supporting onboarding and continuous team development.
- Collaborated with Directors, VPs, GMs, and cross-functional stakeholders to identify workflow, communication, and design-quality issues and define improvements.
- Improved marketing pitch structure, content hierarchy, and design language to create clearer and more consistent presentation experiences.
- Introduced design-review checklists, workflow improvements, and process standards to improve team consistency and execution quality.

Aveniron Technocorp Pvt. Ltd. — Coimbatore

Aug 2018 – Apr 2021

UX/UI Designer

- Designed WooCommerce and e-commerce website experiences using Figma and WordPress, covering page layouts, user flows, and responsive interfaces.
- Conducted competitive analysis, website benchmarking, and design-trend research to identify usability and conversion opportunities.
- Analyzed website traffic, SEO performance, audience behaviour, and engagement data to improve digital experiences, contributing to a reported **40% increase in website traffic**.
- Optimized Shopify product presentation, page structure, and e-commerce content, contributing to a reported **150% increase in sales** for a client.

Kamsys India Tech Pvt. Ltd.

Jan 2018 – Aug 2018

E-commerce Analyst & Web Designer

- Designed website landing pages and digital web creatives using Adobe Photoshop and Illustrator, translating client requirements into production-ready visual layouts.
- Created and retouched e-commerce product imagery for online marketplaces and digital content.
- Conducted competitor, website, SEO, traffic, spend, and product-performance research to support e-commerce and digital business decisions.
- Managed and optimized **1,000+ product listings** across Amazon, Walmart, and Home Depot for US, UK, Germany, and European markets, including product content localization and listing updates.
